Flat 'Elegant' Burglar Proofing

Steel Doors

Unmatched Strength and Security.

Metpro is manufactured locally with the highest quality materials, machine-cut to consistent specifications and fuse welded into shape to provide you with superior security and protection.

Built to Your Specifications

Prefer something more unique? Metpro offers a wide variety of customisation options to choose from. From horizontal bars and double frenched, to arches, vents and fixed lites; you can build the window that suits your style.

Timeless Style

Metpro's wide range of contemporary steel windows and doors are all submerged into a specially formulated anti-corrosive solution. This ensures that the beauty of Metpro steel products will endure season after season for many years to come.

Smart Design

By using extended hinges Metpro steel windows have the widest range of motion available. This not only allows them to be opened fully but also provides the maximum amount of ventilation and viewing space. So sit back and enjoy the view.
