ABEL CLAY

THE BETTER BUILDING BLOCKS...

For decades, masons, builders, contractors and engineers from across the region have chosen ABEL Clay blocks as their preferred building material. With natural properties that make them stronger and more resilient than other construction systems, ABEL Clay blocks provide significant economic benefits while offering maximum quality and durability.

BUILDER'S TIP

The perfect block for upper levels and internal walls.

Designed for load-bearing perimeter walls and used extensively with reinforced steel and concrete for corners.

Ideal for load-bearing applications such as building and foundations and external perimeter walls.
